

My stay at BIG4 Castlemaine Gardens Holiday Park

When we arrive at the holiday park, we will stop at reception. We will talk to the staff at reception and check in. The staff will tell us where to go in the park.

There are lots of buildings at the holiday park. Some are private, where people sleep. Other buildings are for everyone to share.

I will see new people at the holiday park.

There is a playground to play in. I will tell my adult if I go outside to play.

There is a swimming pool next door to the holiday park. My adult must be with me when I go swimming.

We can only go swimming in summer.

There is an indoor playroom at the holiday park.
This is a place for kids to play in. I will make sure
that my adult knows I am playing here.

There is a camp kitchen at the park. This means everyone can use it. It can get noisy in the camp kitchen. I can tell my adult and sit outside.

There are lots of places to play and explore. I will watch where I am going, as there may be cars and bikes. I will stay with my adult.
